THE BETJEMAN ARMS

What's better... Christmas or the build up?

Santa's coming! Just read on for a compact list of our menus, some drinks suggestions, pubs and Club Rooms, and our contact details... we've cracked Christmas once more. As we've been building up to this for many moons now, tasting the treats, sipping the wines and getting the decorations delightful, it's all about the big event for us. For you all it may be still about the build up though, so start getting excited, write your list to Santa, get the nuts, carrots and cookies ready... Santa's coming!

A close-up photograph of a person's hands using a silver nutcracker to crack a walnut. The person is wearing a blue and white checkered shirt. The background is dark, making the hands and the nutcracker stand out. The nutcracker is positioned vertically, with the walnut held between its two curved ends. The person's fingers are visible, gripping the handle and the nut.
