

HAKAMOU DRINKS

Welcome to Hakamou.....

We do so much more than just drinks.

Our delicious drinks are created using our very favourite ingredients for more discerning people - like you!

All of our creations remind us of:

- ♥ people we've loved,
- ♦ people we've lost....
- ♠ ...and ladies we've fooled around with.

Thinking of these special people constantly reminds us that The Island Life is not just about the daily routine of waking up happy, wearing a smile all day and sleeping to the sounds of waves on the sandy shore - it's also about freshly prepared drinks made with love, and consumed with Joy (and her sister).

Whether you're here on a girls night out, a works do, out with the boys, or just enjoying some well deserved you time with your nearest and dearest, we are delighted that you came.

Browse our menu and pick out the drink that will get you in The Island Mood. We can't wait to make them for you - and to see the look on your face when you feast your eyes on what we've created.

If you fancy something a bit different, just ask - it's never a problem. We love a challenge!

Hugs and Fives.

Sam and Martin - Islanders at large

Index and Notices

Dive into our drink menu – and you'll never look back!

Page 1-5: Cocktails to die for – The chief exports of Hakamou Island – dive in!

Including: Tiki-Tastics. Cocktails to fear – Rum based drinks that are on fire – or will set you on fire.

6: Shot Sharers – We love some tasty shots, try some with your friends.

7: Island Sharers – Drinks for mates, lovers, groups, and tribes to enjoy together.

8: Other Stuff – No alcohol cocktails, spirits, wine, bubbly, beer – you get the idea.

Drink responsibly

We love drinks – but dislike drunks. If we refuse to serve you any more alcohol, it's not because we don't love you – it's because we do. If you accept our love and either leave, or better still enjoy a refreshing soft drink, then we will remain friends and will look forward to seeing you next time.

Our cocktails generally contain around two 25ml shots of 40%abv alcohol, but some a bit more. Bear this in mind when ordering, and please select from our large non-alcohol range if you are driving/operating heavy machinery/planning to cross the channel in a pair of speedos.

Take care. We love you too much to let you do something stupid!

Also:

Toast responsibly

SAY “MANUIA!” [man-wey-ah] – it's how we say “cheers”

Weird Phobias or Allergies?

We don't list all the ingredients in our mixed drinks because we don't want to. It would waste loads of paper – and spoil the lovely surprises that we have for you. That said, if there's something that you absolutely can't bear the taste of please ask. We're always happy to talk about our drinks and what goes in them (to the point that we can get a bit boring) – so feel free to ask whatever you like.

Eggs/nuts. Some of our cocktails contain raw egg whites or yolks, or products made from nuts. These are indicated. However, we are unable to fully guarantee our mixed products to be 100% free of nut traces.

We're also delighted to make any of your favourites that aren't on the list. Actually that might be a little lie. Some stuff we can't bring ourselves to make – but there's no shame in asking!

Theft.

We love all of our customers, but sometimes people steal our stuff. Only crack addicts would steal from people who love them. We're so glad that you're not a crack addict!

It's not just us that people steal from. Occasionally dirtbag shisters try to steal the valuables of nice people having a good night out. Keep an eye on your stuff – and let us know pronto if you spot someone who seems to be up to no good.

Love you xx.

Check out these puppies!

HAKAMOU MAI TAI CONTAINS NUTS **£6.40**

Inspired by Trader Vic's original recipe, this Appleton Rum based drink was originally called "Mai Tai-Roa Ae" – meaning in Tahitian "Out of this world – the best".

We're just gonna get them out on the table here – and say that our Mai Tai is something a bit special. Strong, full blooded – and the favourite of so many of our customers. It's awesome.

THE HAKAMOU FLAMING ZOMBIE **£6.40**

When Don the Beachcomber invented the Zombie in the 1930s he became a very rich man. Lesser bar owners tried to poach his bartenders and steal his recipe – but he always stayed ahead of the game by constantly improving it.

In recognition of his achievements and obsessions we have created our own rum monster called the Hakamou Flaming Zombie - and can't wait to set it on fire just for you.

REGGAE RUM PUNCH **£6.60**

A very fruity over-proof Wray and Nephew rum punch. Best enjoyed with a relaxed, laid-back, and optimistic frame of mind.

WRAY & NEPHEW CAIPIRINHA **£6.60**

A Jamaican twist on a Brazilian classic – cool runnings! A big favourite with many Hakamousters. This contains 63% abv overproof rum. Very, very strong – go steady.

MONTSERRAT VOLCANO **£6.00**

Pure Tiki this one – strong, and complete with our rather nice simulation of a volcano on the top..

SAILOR'S REMEDY **£6.90**

Originally created in the West Indies as a cure for scurvy, 'The Remedy' as it's known to sea-fairing folk, contains loads of vitamin rich fruits and liqueurs, along with a two day ration of Pussers 54.5% British Navy rum.

STRICT RULE: ONE PER PERSON. NO EXCEPTIONS.

A bit pricey? Yep – TikiTastics use very strong spirits that the Government add loads of excise duty to. There's no way around it, so pay your taxes, or miss out!

Proper Lush

Our luscious customers just keep inspiring us to keep chasing the 'WOW'

Mexican Mint Sling

£5.60

Consider this to be kinda like a mojito, a collins, and a sling, and you'll be getting pretty close. We mixed a long tequila, blackcurrant liqueur, mint leaves, and citrus stuff – and were well chuffed with the result.

Pink Lady

£5.40

A champagne flute with a pretty sugar rim and a strawberry slice, containing Peach Schnapps, Crème de Fraise, and Prosecco bubbles.

Just £4 Friday and Saturday before 9.30pm!

Speechless Mule

£5.40

Only the donkey belonging to the Jamaican sugar cane trader who invented this amazing drink knows its true origin – but he isn't telling. A long refreshing drink with rum, raspberry, ginger beer, and lime.

Just £4 Friday and Saturday before 9.30pm!

Mango Margarita

£5.60

We got this drink from a real Mexican ice cream van. Have a taste and see why they outsold Señor Whippy Ice creams all day, every day...

Shaken and served straight up – the way it first was in 1896.

We use Appleton VX rum, making it very, very smooth.

£5.90

Another day. Another flavour. Tasty stuff these daiquiris.

..

Makeeda

The Makeeda is the native name for a very frisky parrot found deep in the Hakamou rainforest. It's stunning mating-season plumage inspired this long, zippy and refreshingly smooth raspberry vodka, mango, apple and strawberry creation. This parrot is NOT dead!

Passion Fruit Mojito

More?

So, you've delved deeper into our menu. Good work!
Now check out these delicious thirst quenchers...

Chamaretto Sour Contains egg white and nuts **£5.60**

We made a drink that tastes just like Tangfastics! In truth it was a big mistake. Someone accidentally added Chambord black raspberry to amaretto. It's always a shame to throw stuff out, so we tried it. Bit of a tweak – and WOW!

Squire Adam. **£5.40**

Squire Adam was a randy old git. None of the villagers wanted to work up at his manor house, but when he bequeathed them the recipe to his celebrated gin, Cointreau and lychee drink they forgot all about his lusty shortcomings and cashed in with a visitor centre and a page on the world wide web.

Pina Colada **£6.20**

Our Pinas come in a frozen coconut, just because that's the way it should be. Warning – this is nothing like lesser pina coladas that you may have tried elsewhere.

Lemon Meringue Pie **£5.80**

Just like Aunty used to make it – you know, the alcoholic aunty that we're not allowed to speak about. Contains Brugal white rum, Limoncello and egg.

99 **£6.20**

How did Mr Whippy never think of this? Baileys, Crème de Cacao, milk and cream, topped with a scoop of ice cream and crowned with the ubiquitous Cadbury's Flake. Lush.

Bramble **£5.60**

Widely recognised as a modern classic. It's got gin and blackberry liqueur in it – and is loved by gin lovers and non-gin lovers alike.

Cosmo **£5.60**

Frequently voted the best cocktail in the world, it's certainly one of our favourite classics. Super chilled with lovely cranberry juice and orange liqueurs that complements its vodka base.

The Hakamou Kitchen Sink

Lovers' Grog#2 (sweet) "The Make Up" **£11.40**

Another two pint stein glass with a couple of giant straws plunging deep into the deep red, fruity, refreshing sweetness that is the oh so sexy Grog – of – Love. Lose yourselves in the moment – and then get a room!

Yep – you've guessed it, another two pint stein – this one is filled with stuff that will replenish and rejuvenate you after an 'energetic' weekend in the country.

Top Jugs! **£14.90**

Three servings of either Bunga Bunga or Sex with Pete in a jug – and some glasses to pour it into.

Tongan Sunrise **£17.90**

A massive margarita glass (for 3-4 people), with a Tongan take on a Tequila Sunrise, made with cranberry, peach schnapps, Southern Comfort, and orange.

Astronaut's Punch **£32**

When NASA asked us to create a strong and fruity sharer that would allow the crew of the International Space Station to party at zero gravity – we did it. Two litres of the stuff dispensed from a stainless steel vacuum jug – plenty for up to 6-8 thirsty space travelers.

Brandy Surprise **£46**

There are two fat surprises with this one. 1: It kind of catches fire. 2: It's got no brandy in it. What it does have is lashings of rums, fresh fruit juices and more. It comes in a massive brandy balloon (see where the name comes from now?), and is perfect for up to 8-10 surprisees.

SHOT SHARERS

We love getting together and having a few shots, but sometimes we get carried away and want them when we've had enough already.
At this point we rely on a friendly bartender to just say "no".

Why trust the bartender? Because the bartender knows what it's like to be a bit too drunk – but this time he's sober – and in a better position to make the call!

PAUL'S OXY MORON

£3.00 each

(or Poxy Moron for short)

We often get asked for a particular type of shot: Strong alcohol in it, Fruity – but not strong....and cheap. This is as close as we get to all of those. Passion fruit, 63% abv overproof rum and mango.

MINTERO

£12 for 4

What's the taste of this one? The clue's in the name...

SHERBET LEMONS SHARER

13.80 for 4

Four hollowed and frozen lemons, filled with a tequila based shot, complete with a pot of home-made sherbet to sprinkle on your tongues before knocking back the juice. Warning – do dust the sherbet off of your top lip before posing for a photo....

JAMBO JAMBO

£15 for 6

Wray and Nephew overproof (63%abv), grenadine, and lovely pineapple. Say 'Hello' to happy times...

SHOOT MY EX

£14 for 6

Revenge tastes mighty sweet – but these Grand Marnier, Chambord and citrus shots taste even better – and they (probably) won't land you in the clink.

HAKAMOU PARROT'S ARSE

£17 for 8

Eight shots poured from one tin in front of your very eyes. Each one turns out a different colour and flavour! It's a little bit of magic, and a big-time photo-op.
