## BEER'S THE THING

*We make no apology - we love beer in all its forms! We make no distinction among lagers, bitters, cask or craft - if it's great beer, we seek it and serve it!*

*In addition to your firm favourites, you'll find a regularly changing selection of cask and craft beers from 'just up the road' to the USA. Our craft beer range has some real crackers to take your taste buds by storm.*

*Just ask what's on tap today - and any of the team will be glad to talk through your options, give you a taster and tell you what's up next from the cellar.*

*(Some of our beers are much stronger than average, so we have chosen to serve them as 2/3 of a pint.)*
