# KRUŠOVICE TANK BEER

**1/2 PINT  
PINT**

**£2.4  
£4.8**

From the Royal Brewery of Krušovice near Prague in the Czech Republic. The brewery was founded by the eccentric King Rudolph 1581 and has been brewing uninterrupted ever since.

Rudolf lived much of his time a day's ride from Prague, on his farm. There, comforted by his collection of exotic armour and art, Rudolf would savour his own beer, surrounded by the hop gardens and barley fields, which had inspired his distinctive brew.

Krušovice's premium ingredients start with pure spring water taken from the local Krivoklát forest. In this water, the world famous Moravian barley-malts are boiled for their rich delicate herbal aromas before the locally-grown Saaz hops are added.

Direct from the Czech Republic, the unique Tank system delivers the beer straight from the brewery to our taps to provide the freshest possible beer in your tankard.
