

SHILLING BREWING Co.

PIZZA

Alongside beer, pizza is our speciality; a match made in heaven. Our pizzas are made from scratch in house by Roberto our pizzaiolo, who uses his own special recipe to make his dough along with a blend of baker's and brewer's yeast from our on-site brewery. Proved for 48 hours, the dough is cooked in our cupola oven and topped with a tempting array of fresh ingredients, resulting in the best pizzas, great for sharing along with a pint of your favourite beer.
