

BALLS BROTHERS

.... OF LONDON

— EST. 1860 —

In 1860, Henry Balls purchased the Old George Public House on Bethnal Green Road and quickly became renowned for the qualities of ports, brandies and sherries that they served. His sons, Austin and Harry, expanded the business setting up several speciality shops from which to sell their goods, and the Balls Brothers quickly became renowned as wine purveyors of the most discerning taste.

Over the next century, the history of Balls Brothers was intrinsically tied to the history of London. Both continued to grow throughout the end of the 20th century and proved resilient to the challenges of a global depression and both World Wars. In 1960, Balls Brothers entered its modern incarnation, with the opening of their first wine bar on Carey Street and the expansion continued over the next 40 years.

Balls Brothers of London began as a humble purveyor of wines in industrial-era East London, and grew to become the second homes of the movers and shakers of post-industrial London in the latter half of the twentieth century, remaining a symbol of quality and homegrown London commerce.

The menu is comprised of updated versions of several classic libations of the British Empire, and incorporates the original goods purveyed by the company – port, brandy and sherry combined with the bringing back to the fore of the incredible products that they originally imported but are no longer particularly well-known or understood - in a modern and appealing way.
