

We are the people our parents warned us about!

The drinks are inspired by a whole load of music, colours, moments and emotions all wrapped up in delicious drinkable liquid form.

Feeling a little like Audrey? Sip a Tiffany with it's sophisticated bubbles and silver charm.

Mischievous and piratical? Swig the secret rum mix of the Black Pearl.

Whether raising your spirits with an iZombie or flashing elegant flirtations over a Belle Epoque, we have a drink that fits your mood.

After all, life is short, the night is long, the time is now.

WE LOVE A GOOD PARTY

We love a good party. Over the last 10 years, we have hosted parties of all shapes and sizes and our four wallpapered walls have overheard many notorious secrets and scandals.

We also know that hosting can be pretty stressful, and because of this, we like to make it super easy. You can book a mixture of seated and standing space for up to 40 people with no minimum spend, no demanding dress codes and the option to bring your own nibbles. Simple.
