BROOKLYN SORACHI ACE ^{Ve} 7.2% | 355ML | £5.30

GOLDEN, LEMON, CRISP

Named after the Sorachi region of Hokkaido, Japan, the Sorachi Ace hop was developed by a large Japanese brewery in the late 1970s. It had a unique lemony-herbal scent, but this hop was odd and ended up being quickly banished to a laboratory. In 2008, the Sorachi Ace hop was quietly revived by a family farm in Washington State. Less than a year later, Brooklyn had made it a star and one of their favourite beers ever.

BELGIAN STYLE ALE

THEIR SPICY AND FRUITY FLAVOUR DERIVES FROM THE UNIQUE YEAST USED, THEY ALSO TEND TO BE SOMEWHAT STRONGER THAN OTHER BEERS. DEFINED ONLY BY WHERE THEY ARE BREWED, SO IT LEADS TO A VERY DIVERSE CATEGORY.

WESTMALLE DUBBEL ^{Ve} 7.0% | 330ML | £4.85

DARK, FRUITY, SPICY

Since 1856 monks have been brewing a dark Trappist beer along with their table beer. Since the recipe was modified in 1926, they've been brewing slightly heavier beer. GIN LIST

BOMBAY SAPPHIRE | 40.0% | £3.45 *SPICY, LIQUORICE, CINNAMON* | LIME

The 10 precious botanicals used in Bombay Sapphire are held separate from the spirit in perforated copper baskets, when the heated vapours rise the distinctive flavour of the botanicals are released. The result?

A complex liquid that delivers a broader, more balanced flavour.

BROOKLYN | 40.0% | £5.15 *FRESH, COMPLEX, FLAVOURFUL* | LEMON

Brooklyn Gin is a craft spirit made in New York with hand-cut fresh citrus peel and hand-cracked juniper. Winner of double gold medal at the 2015 New York World Wine & Spirits Competition.

CONKER - DORSET DRY 40.0% | £4.10

SMOOTH, BLACK TEA, BERRY | LIME
Conker Spirit's Dorset Dry Gin is distilled using British wheat spirit, New Forest spring water and 10 botanicals, including some rather distinctively-Dorset-inspired botanicals - Gorse Flowers, Samphire and Elderberries.

MONKEY 47 | 47.0% | £5.15

WOODY, SPICE, CITRUS | LEMON
Monkey 47 was the brainchild of RAF Wing Commander Monty Collins. He retired to the Black Forest after the war and sourced most of the botanicals used in his creation from his back garden. Ever the posh British eccentric, he owned a pet monkey - which can probably account for Monkey 47's unusual name.

GORDON'S | 37.5% | £3.25

RESINOUS, JUNIPER, CORIANDER | LIME
An absolute classic dry gin, Gordon's is one of the best selling spirits in the world, and was first created in 1769 - the recipe hasn't changed since. This is a triple-distilled gin flavoured with juniper berries, coriander, angelica and one other botanical. The actual recipe is only known to a dozen people.

HENDRICK'S | 41.4% | £4.10

FRESH, FLORAL, CLEAN | CUCUMBER
Hendrick's wondrous botanical signature consists of flowers, roots, fruits and seeds from the world over. They function to complement and set the stage for their delicious duet of infusions: rose petal and cucumber.

MARTIN MILLER'S | 40.0% | £4.10

CLEAN, CRISP, CITRUS | MINT SPRIG
This gin champions a break with tradition with two separate distillations for the juniper and earthier botanicals that are later 'married' or blended with a second separate distillation of the citrus elements of bitter orange peel from Seville, lemon and lime peel.

POTHECARY | 44.8% | £5.15

LAVENDER, FLORAL, HONEY | ORANGE
Pothechary may be new, but it's already making waves, having won Double Gold at the San Francisco World Spirits Awards. The team behind it use fractional distillation, treating each botanical element as a separate distillate and blending them together to their carefully considered recipe.

PROFESSOR CORNELIUS AMPLEFORTH BATHTUB 42.6% | £4.10

BOLD, EARTHY, SPICY | LIME
An extraordinary award-winning gin made using the traditional method of cold compounding (or in layman's terms - infusing). Very high quality copper pot-still spirit is infused with ingredients including juniper, orange peel, coriander, cinnamon, cloves and cardamom.

SIPSMITH LONDON DRY 41.6% | £4.10

SMOOTH, RICH, WARM | LIME
Produced in the workshop previously used by the late, great Michael Jackson (whisky writer, not Moonwalker), this super-small-batch artisanal Gin is flavoured with restraint, making it easier for the natural quality of the spirit to shine through.

TANQUERAY EXPORT 43.1% | £3.45

AROMATIC, CEDAR, CITRUS | LIME
A blend of the purest four-times-distilled spirit and a hand-picked selection of four botanicals, London Dry gin offers a uniquely balanced gin experience. Said to have been Frank Sinatra's preferred gin, Tanqueray's iconic bottle design is inspired by the shape of a classic cocktail shaker.

WILLIAMS CHASE SEVILLE ORANGE 40.0% | £5.15

FRAGRANT, SMOOTH, SWEET | ORANGE
Created using a base spirit made using their home-grown potatoes. Slowly infused with a delicate range of eight unique botanicals including; juniper, orange peel, liquorice, elderflower and bitter almond before finally being distilled with sweet Seville orange peel.

HAYMANS OLD TOM GIN 40.0% | £4.10

GINGER, ORANGE, PINE | ORANGE
Hayman's Old Tom Gin, distilled from a family recipe, is an authentic mark of English heritage. A quintessentially English style of gin consumed during 19th century Victorian England. A smooth, botanically intensive and flavourful gin, with a hint of sweetness, reflecting the style of the age.

BROCKMANS | 40.0% | £4.10

BERRY, LIQUORICE, ORANGE | LEMON
Brockmans is like no other gin. It stands proudly alone from the many other types of gin due to the unique recipe of exquisite botanicals and the patient steeping distillation process. To make Brockmans, botanicals are sourced from all over the world.

WARNER EDWARDS HONEYBEE | 43.0% | £5.15

FRAGRANT, PINE, BLOSSOM | LEMON
Inspired by the plight of bees across the world, Tom and Tina, owners of Warner Edwards, have used their passion for quality, flavour and authenticity to create this award-winning Honeybee Gin.
