Rum Kitchen.

Our cocktail menu has been carefully curated over 6 years of testing and tasting. They take into account our travels and inspiration from some of the greatest mixologists, blenders & bars world wide.

We adopt a new school attitude whilst paying homage to rum classics.

We have a wide range of rum from all over the Caribbean and beyond that is constantly updated. Please ask a bartender for more information or if you'd like to have a look at our rum bible.

Rum's start at £4.50 for 25ml / All other spirits are from £4.50

For any drinks off menu, just ask a member of the bar staff and they will make anything you want, as long as the ingredients are there.

If you have any allergies please let your server know.

A cocktail known for its ruthless, yet undetectable alcohol content, the "Zombie" was created by Donn Beach in the 1950's to help a hungover customer make it through his business meetings. Make it through he did, however, a few days later, the customer returned to confess that he had felt like a Zombie for the last 3 days.

Superior to a classic Negroni in every way, The Rum Casked Negroni combines the flavor depth of the Negroni with the bold elegance of high-quality Jamaican Rum. Topped off with a smoked finish that not only looks amazing, but makes you look amazing drinking it.
