# ALL THINGS VEGAN

We've put together this menu to help you choose dishes especially for you. Please be aware that some of these may need special requests when you order, or are listed separately on the tills if you choose to order for yourself. These items are marked as **VEGAN** in green.

Some vegan dishes, whilst not containing products from an animal, are cooked in our fryers. Our fryers are cleaned & filled with fresh oil regularly, but they are used to fry meat products. If this level of cross contamination affects you, please talk to a member of the team for further advice.

## ADDITIONAL INFO

Please ask for our amazing gluten menu or speak to the team if you have any other food allergy, intolerance or sensitivity. We do not list all ingredients on the menu, but have this information available should you require it.

**All dishes may contain traces of nuts.** Please note that we use our kitchen equipment to cook different dishes. If you're concerned about cross contamination, please talk to the team.
