GLUTEN AT WAHACA

We've designed this menu to help you choose dishes based on your own special relationship with The Big G. We've split items that are gluten-free and those which have no gluten but have a higher risk of cross-contamination in our, or our suppliers' kitchens, for those with milder intolerances.

OUR KITCHEN POLICY

While we make every possible effort to avoid cross-contamination of ingredients, it is not a factory production environment and we cannot guarantee your dishes will not have come into contact with a wheat-based product.

If you are at all concerned please notify a manager who will explain our procedures and do anything we can to go the extra mile.

FOR THOSE WITH Milder GLUTEN INTOLERANCES

Some dishes – whilst not containing any gluten in their ingredients – are cooked in our fryers. Whilst our fryers are cleaned and filled with fresh oil regularly, they will have also been used to cook products containing gluten during a service. Some dishes also contain ingredients that our suppliers cannot guarantee contain no traces of gluten as a result of their production environment. Dishes marked with a dot (●) should be avoided if this level of cross contamination may affect you or if you suffer with coeliac disease.
