# THE SALTY SEA COD

Nothing beats Fish & Chips done properly. But as Londoners, we found ourselves let down time and time again. We knew our national dish could be so much better. So in 2019 we joined the National Federation of Fish Fryers, and studied the techniques that produce crisp, crunchy batter and perfectly cooked fish. We searched for the most sustainable fisheries and found them in the ice cold waters of the Barents Sea. Closer to home we unearthed the finest potatoes here in the UK, traceable to the field they were grown. Finally, we created a menu that marries respect for the classics with a squeeze of Mediterranean flair. And the Salty Sea Cod was born.
