

“We opened the Cocktail Club in 2008 with the intention of creating a bartenders paradise! A bar that parties like the best of them & mixes the world’s greatest drinks to perfection. A place where you can dance on the tables, singing to ACDC, while sipping on the perfect dry martini!”

THE PROGRAM.

The months of mixing, shaking, tasting has created a new style of drinks menu that we can't stop smiling about. Taking our most popular modifying flavours like mint & passionfruit; & elaborated each one to showcase our love of the versatility of not just flavour, but also style. Below you'll see each style that we've applied to each flavour in each chapter to give our guests more of what they want, & kept our bartenders excited about mixing them!

HOUSE

FABULOUS • FAMOUS • AFFORDABLE

Our house cocktails have been with us for well over a decade. The original gangsters of the Cocktail Club legacy are twisted to perfection, & we hang our hat on the fact that our classics are amongst the best you'll find anywhere on the planet, at a price that promises the best bang for your buck

THEATRE

NAUGHTY • FLAMBOYANT • FUN

We've all ways liked to play with our drinks, often getting in to trouble. As the naughty crew in the bar world we love drinks that make us giggle, nostalgic remedies that transport us to another time. In short, we like to break the rules & put on a show, and our theatre drinks tick all those boxes

TOP SHELF

LUXURY • REFINED • SEXY

When it comes to value we know our stuff, no less so than right here. Our Top Shelf tipples are a luxurious blend of our favourite booze bottles that no longer collect dust on our back bars. Spirits that we truly believe over deliver in their categories, & in our classic twists, we've created flavours are hauntingly beautiful

NO & LOW

NON ALCOHOLIC • CLASSICS • SPIKED

We're taking our non-alcoholic cocktails seriously! If your on the wagon, or planning on driving one home, then we've made sure you wont be missing out, with stunning twists on our classics.

Want something in between? Then select a 25ml "spike" of something special to give your cocktail a kick

WaterAid

FANCY GETTING A ROUND IN?

Not all heroes ware capes!

ICED TEAS.

*"Life handed him a **lemon**, as life sometimes will do. His friends looked on in pity, assuming he was through. They came upon him later, reclining in the shade, in calm contentment, drinking, a glass of lemonade" - The Optimist, 1940*

PINEAPPLE.

*It's mental to imagine that the **pineapple** was once the ultimate status symbol. After Columbus bought one back from discovering America the western world flipped its lid at the sight and taste of the "king fruit". As they couldn't be grown in Europe, you had the import one, which only royalty could do!*

We love the perfume like sweetness of Grace aloe vera that mixes immaculately with ginger ale, lime & mint.

PASSIONFRUIT.

Passionfruit was named by a pack of religious groupies trying to convert Brazil into Christianity around 1700. The fruit has beautiful purple flowers that the Spanish tourists tried to explain represented the resurrection (only god knows how). The analogy might suck, but the name stuck!

COFFEE.

Coffee was petitioned to be banned in the 1670s by a group of angry wives who were sick of their men underperforming in the bedroom! They exclaimed that “The excessive use of that abominable liquor” had dried up the “radical moisture” & had made their husbands “as unfruitful as the desserts whence that unhappy berry is said to be brought”, hilarious!

No & Low/Rich • Vanilla • Chocolate

Want the rush but aren't too keen on the booze.... we got you! Double dose of coffee, hint of vanilla, coconut & spiced with the complexity of chocolate bitters, divine!

OAK & SMOKE

***Smoking** or toasting oak barrels has been a popular practise since roman times! Oak is easy to bend into a watertight container to help carry almost anything including the likes of stinky fish or vegetables. The barrels would be burnt to remove any unpleasant smells, which accidentally turned out to be wicked for aging booze!*
