DRINKS

HAND-CRAFTED BEER TO TAP

ZERODEGREES are proud to be pioneers
of fresh beers brewed in our own on site Microbreweries.
Beer drinkers realise the wealth of different styles
of beers from around the world. We brew a wide range
right here in house!

It is not just the variety that is important.
Freshness, the selection of ingredients, quality and flavour
are what differentiates **ZERODEGREES** beer from other
craft brewers and the filtered and pasteurised beer of the
big industrial breweries.

The yeast is left alone in our beer, to mature and compliment the
flavour. Also, we do not add any artificial colouring, preservatives or
sweeteners to our beer.

At **ZERODEGREES** we strive to serve you
the freshest and most flavoursome beer around.

ZERODEGREES BEERS

'The Bohemian' Czech Pilsner 4.8%

Our spin on a classic pilsner showcases all the great things about
this kind of lager. In other words, it's crisp, dry, slightly bitter, and
incredibly easy to drink.

'Downtown' American Pale 4.6%

Our take on making a great American Pale Ale. British & German
malts meet sexy American hops. Result: love at first taste. This is
why we started our craft brewery idea back in 1999 and we are so
glad we did. This was our first brew!
