

## WELCOME TO AUSTRALASIA

Modern Australian cuisine combines Pacific Rim flavours underpinned by European cooking tradition, a blend of Indonesian, Southeast Asian influences and Australia's strong ties with Japan also help determine the taste and style.

There are two ways of eating in Australasia:

### Local

Rather than choosing individual starters and mains, why not go "local" and select several smaller dishes from pages 3 to 5.

These dishes have been designed for sharing and will be served to the centre of the table throughout your meal in 'waves'.

### Traditional

For the more traditional approach, select starters and then a main from page 6 and 7. The starters can be served to the centre of the table but the main plate will come to you.

Your server will be more than happy to help you with your selection and explanation.

[Ve] Vegan

All prices are in GBP and include VAT at the current rate. A discretionary 12.5% service charge will be added to your bill. Our dishes may contain nuts or nut traces. Allergen information is available via the QR code; please let your server know if you have any allergies or dietary requirements.
