

# THEATRE SERVED

WE DON'T JUST MAKE DRINKS. WE STRIVE TO  
CREATE MAGIC, TO SERVE UP THEATRE (IN A GLASS)

For over a decade The Alchemist has been committed to advancing the art of cocktail making, pushing the boundaries of creativity, and concocting unforgettable, multi-sensory experiences.

This apothecary is stacked high with countless curiosities, tonics and curatives, conjured by some of the most rigorously trained bartenders in the business.

Peruse this menu of seriously creative drinks, from light & dreamy to bold & boozy. Got questions? Just ask.

## SUSTAINABILITY

WE ARE PROUD TO WORK WITH BRANDS THAT SHARE THE SAME  
SUSTAINABILITY ETHOS AS OURS AND CHOOSE TO HOST THE VERY  
BEST TASTING PRODUCTS IN OUR COCKTAILS.

### DISCARDED SPIRITS

#### BRISTOL SYRUP COMPANY

#### MOUSE KINGDOWN LIQUEURS

#### EDMOND BRIOTTET LIQUEURS

An independent, 6th generation artisan liqueur producer based in the heart of Dijon, crafting over 60 flavour varieties for the finest quality cocktails.

We employ an ethos of sustainability across our brand and try our hardest to find a way to re-use, recycle and save. We upcycle any wasted citrus fruit into a marmalade and excess cucumber and mint into a simple syrup, both of which are included in our cocktails.

We have automatic timers on our fridges ensuring they remain the perfect temperature whilst reducing energy usage. We have auto-stop taps that make sure we only use as much water as necessary.

### ALLERGENS?

Scan the code with your phone camera to access allergen information for every drink and dish.

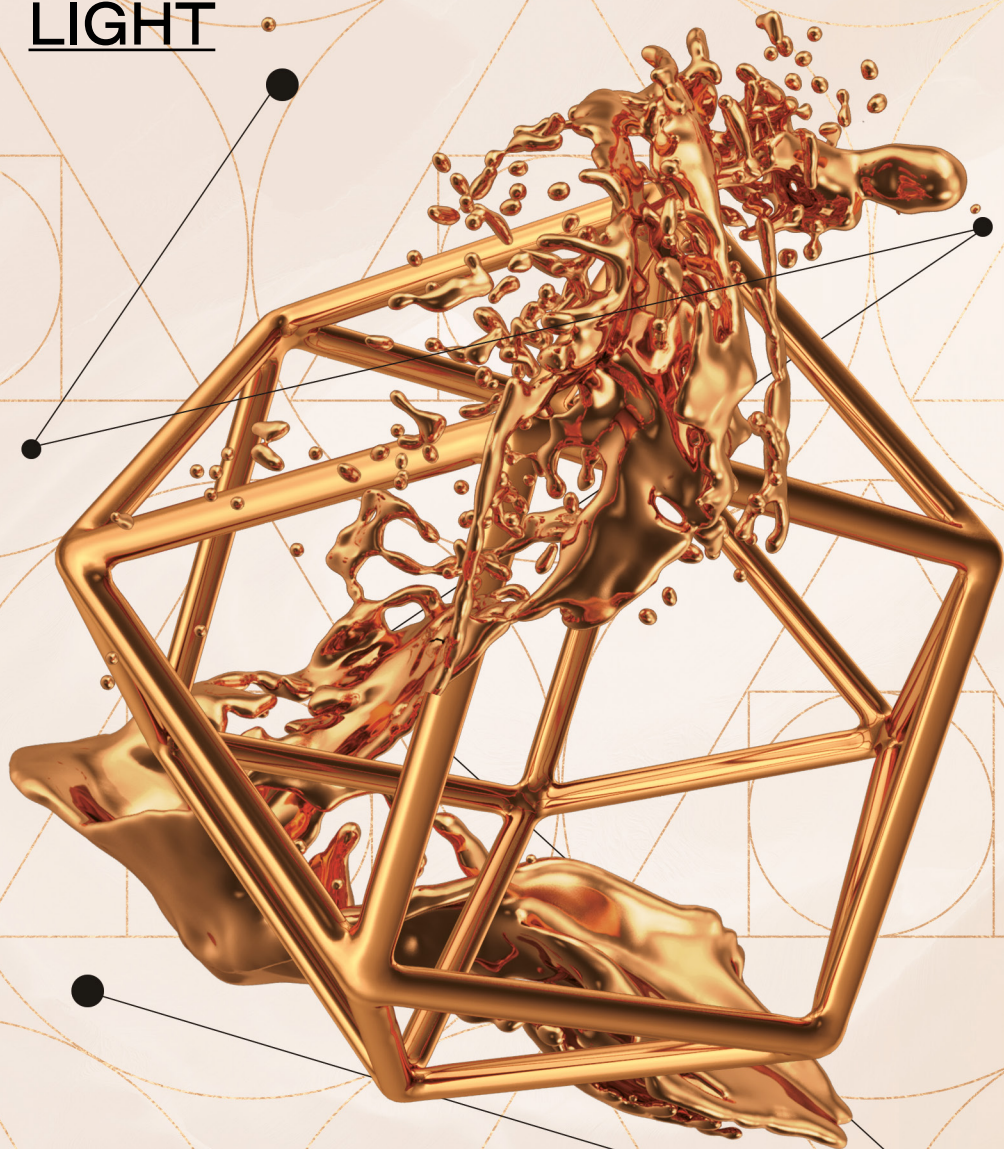

### DRY ICE INFO

All our cocktails are served with theatre, and some are also served with dry ice. Dry ice is fun and safe when handled correctly, so if your drink is served with a straw, please use it. The dry ice in our Foam Alone cocktail can be found at the bottom of the glass and if there's no straw, please allow time for the dry ice to disappear and enjoy the show. Please don't handle the dry ice with your hands, instead sit back, enjoy its theatre and the aroma of the cocktail.

To find our cocktails containing dry ice, look for this symbol.  
Any questions, please speak to the team.
