Our Courtyard House

Our concept was inspired by the traditional Chinese Courtyard House, a historic structure in which four residences would surround a beautiful central garden, blending residential opulence with the true beauty of the outside world.

A guardian 'spirit screen' sits at the entrance portal to our courtyard dwelling, depicting our four mythical Tattu creatures; the Phoenix, Koi Carp, Dragon and Tiger. Superstition holds that these protective spirits inhabit the residences bringing good fortune to those who pass over our threshold.

Each one of our distinct dining spaces epitomises the nature of the animal it is associated with. Unwind in The Opposite House, our flamboyant bar and sky terrace, where ornate bird cages are home to the fiery Phoenix. Dine in the Koi inhabited Western Residence, it's water-like reflective surfaces and pearlescent details, a haven of serenity. Revel in the Main Residence, abode to the Tiger, it's commanding presence eminent in the regal and bold fabrics. Each Residence opens onto the stunning Inner Courtyard, the jewel toned Dragon's lair, complete with undulating scales and charred timber beams, the protector of our signature cherry blossom garden.

Every detail of your Tattu London experience has been intricately curated with the intent of delivering an elevated experience like none other.
