## TESTIMONIALS

*“I cannot praise Julia, Kat, Stevie, Ash and the entire team that hosted us enough, they really were all extraordinary and the attention to detail in connection with everything was just really appreciated by all the guests. We had a few dietary requirements and the guests that were attended to, specifically by Julia all commented on how they were so well taken care of and how attentive she was, to ensure they were enjoying the evening and eating. It really was phenomenal service.”*

*“The experience was exceptional. Kat was incredibly helpful with the organisation and logistics, and the staff on-site that night were amazing — super friendly and attentive. The location is great, the food is superb for a bar setting, and the drinks are impeccable. I would definitely recommend this venue. All the guests were impressed by the vibe. Many thanks to the whole team for making my special night an unforgettable experience!”*

*“Kat was amazing at organising. I had put in a deposit after which she helped me select food and drinks packages. It's a lovely venue and my guests really enjoyed their experience at the party. Would massively recommend and the service is very seamless!”*
