

The Crown & Punchbowl

Our list has a bent toward the Languedoc-Roussillon. This region of France provides a diversity of terroir (geology, geography and climate) allowing us to source a range of wines from this one area. Regular trips to the area have meant that we have developed personal attachments to some of our wines and the producers. These wines evince a true love and dedication to winemaking and represent terrific value. You will recognise other wines from around the world, carefully chosen to give you, what we think, is a list full of interest and quality.
