

LIGHT. THEATRE. MAGIC.

WE DON'T JUST MIX DRINKS- WE SEEK TO DISTILL THE ESSENCE OF A GOOD TIME.

As we embark on our 15th trip around the sun, The Alchemist renews its commitment to push the boundaries of innovation & creativity in the molecular cocktail space. Throughout our cosmic journey, some cocktails began to shine with a light of their own, aligning in a star-studded constellation of Alchemist classics.

Looking ahead and into our future, we continue to probe the limits of what's possible, experimenting with rare substances sourced meticulously from the sustainable, equitable & premium realms.

This menu reflects the apex of our quest thus far - with technology, light & electricity at its core.

We crafted elixirs that illuminate the senses & hyper-charge the palate.

Potions that will alter your sense of reality, while others will give you a more mindful, sober experience.

But whatever it is you're after, dear acolytes, we trust here you shall find what you seek...

All our cocktails are served with theatre & some are also served with dry ice. Dry ice is fun & safe when handled correctly, so if your drink is served with a straw, please use it. The dry ice in our Bubblebath cocktail can be found at the bottom of the glass & if there's no straw, please allow time for the dry ice to disappear & enjoy the show. Dry ice will not be served to anyone under the age of 18. Please don't handle the dry ice with your hands instead sit back, enjoy its theatre & the aroma of the cocktail.

SUSTAIN ABILITY

WE ARE PROUD TO WORK WITH BRANDS THAT SHARE THE SAME SUSTAINABILITY ETHOS AS OURS & CHOOSE TO HOST THE VERY BEST TASTING PRODUCTS IN OUR COCKTAILS.

We employ an ethos of sustainability across our brand & try our hardest to find a way to re-use, recycle & save. We upcycle any wasted citrus fruit into a marmalade & excess cucumber & mint into a simple syrup, both of which are included in our cocktails. We've also teamed up with ecoSPIRITS to have Cointreau delivered in an ecoTOTE where we decant our side with no packaging. With every ecoTOTE purchased, a tree is planted in our rainforest.

We have automatic timers on our fridges ensuring they remain the perfect temperature whilst reducing energy usage. We have auto-stop taps that make sure we only use as much water as necessary.
